A Message From Our Founder

Greetings friends,

We are here to raise awareness for protecting the environment. Preserving the earth should be urgent for every living person. Taking care of the environment is like taking care of our home—The home we all share, called Earth! We want to keep it clean and healthy so that we can enjoy the fresh air, clean water, and beautiful nature around us. Imagine a world where the trees are always green, the oceans are full of fish, and the sky is clear and bright. That's the kind of world we want for ourselves and for the future. In this lesson you will learn how to reduce, reuse and recycle properly. Additionally, you will take a closer look at your own habits. Every little thing we do adds up to make a big difference.

Visit us at TextPledge.us and share with us what you're doing to make the environment a better place in your community.

Happy Learning!

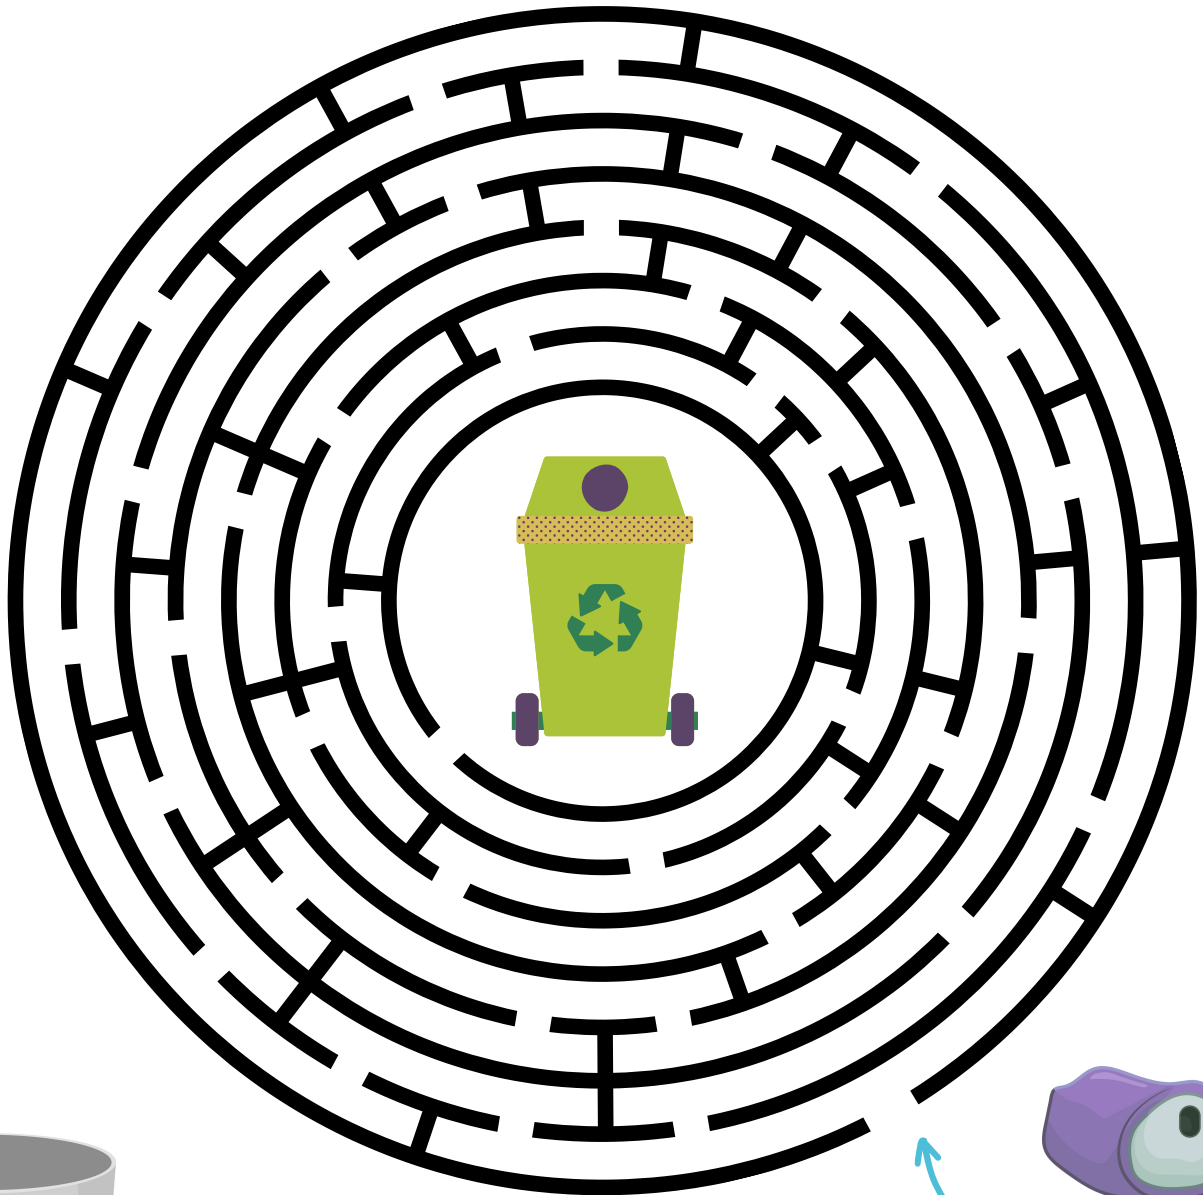

Ms. Naomi
Founder at the TextPledge Project
